Product Stewardship

March 1, 2016

Product Declaration: **Heavy Metal Content**

Product Lines:

Ultraform® Acetal (POM)	Ultramid® Nylon
Ultrason® High Temp Polymer	Nypel® Recycled Nylon
Ultradur® PBT Thermoplastic Polyester	Petra® PET Thermoplastic Polyester
ecoflex® Biopolymer	ecovio® Biopolymer
Neopor® EPS	Styropor® Expandable Polystyrene

Dear Valued Customer:

Please be advised that based on the information available to us from our raw material suppliers, the current products offered in the product lines listed above do not contain, as intentional additives, any of the below referenced materials at the levels referenced. To the best of our knowledge, none of these materials are generated during production. These substances may be present as impurities, but their total concentration is expected to be less than 100 ppm. We do not specifically run any analysis on our raw materials or end product to measure for these materials.

Cadmium and its compounds	< 0.01%
Hexavalent chromium compounds	< 0.1%
Mercury and its compounds	< 0.1%
Lead and its compounds	< 0.1%

As the supplier of the raw material, we cannot make any statement with regard to the extruded components made from this material since this may be process dependent.

If you have any questions, please feel free to contact me.

Regards,

William Robert, CIH
