**Product Declaration – *Natural Rubber Latex***

**Product Lines:**

Ultraform<sup>®</sup> Acetal (POM)  
Ultrason<sup>®</sup> High Temp Polymer  
Ultradur<sup>®</sup> PBT Thermoplastic Polyester  
ecoflex<sup>®</sup> Biopolymer  
Neopor<sup>®</sup> EPS  
Capron<sup>®</sup> Nylon

Ultramid<sup>®</sup> Nylon  
Nypel<sup>®</sup> Recycled Nylon  
Petra<sup>®</sup> PET Thermoplastic Polyester  
ecovio<sup>®</sup> Biopolymer  
Styropor<sup>®</sup> Expandable Polystyrene

**Dear Valued Customer:**

Please be advised that based on the information available to us from our raw material suppliers, the current products offered in the product lines listed above do not contain any natural rubber latex or dry natural rubber. To the best of our knowledge, none of these materials are generated during production. We do not specifically run any analysis on our raw materials or end product to measure for these materials.

As the supplier of the raw material, we cannot make any statement with regard to the extruded or molded components made from this material since this may be process dependent.

If you have further questions please don't hesitate to contact me.

Regards,

William Robert, CIH  
EHS Product Steward
